USE OF DIRECTORY

INTRODUCTION

The *Adult Literacy Programs in Alberta Directory* is a provincial listing of more than 300 literacy programs and volunteer tutor projects offered by provincially administered institutions, public colleges, school boards, further education councils, private organizations and communities.

This directory is designed to assist in the referral of students to appropriate programs. It is intended also to foster partnership, co-operation and communication among Alberta's literacy providers who are currently involved in the planning and/or delivery of adult literacy training.

STRUCTURE

1. This directory is listed alphabetically by community and includes both institutional-based and community (tutor)-based programs.

2. The directory is indexed in three ways:
   a) program name;
   b) hosting institution; and
   c) community served.

WORKING DEFINITIONS USED IN THIS DIRECTORY

Literacy: all reading and writing learning activities at different levels (from 0 to 12).

Tutor based programs: a program's delivery method involves primarily tutors.

Instructor based programs: a program's delivery method involves primarily classroom instructors.

Program: refers, for the purposes of this directory, to a course (if only one is offered) or a series of courses or levels that are intended to improve the reading and writing skills of adult students. A program may be offered on an on-going, full-time or part-time basis or through a short term project. This does not include English as a Second Language (ESL) programs, except for ESL literacy and ESL/ABL transitional programs. Programs in this directory are based upon self-definitions by the institution or agency providing the information.
